HOST CLUB IS AWARDED ATTENDANCE PRIZE FRIDAY NIGHT

The Fillmore Lions Club with a total attendance of 42 out of 45 members, won the trophy at the Zone Social held in the Fillmore gymnasium Friday evening. Other clubs in the Zone had the following present: Bainbridge 12; Cloverdale 28; Greencastle 30; Rosedale 8; and Warren Township 8. Cleo Arnold, president of the Fillmore Club, accepted a trophy emblematic of the honor, for his club. It was presented by Keith Showalter, District Governor, of Logansport.

The meeting opened on time with Jack Davis of Cloverdale, serving as master of ceremonies. Paul Evans offered the invocation and also furnished music from the electric organ.

The Parent Teachers Association served a splendid turkey dinner. Among the notables present for the meeting were Mr. and Mrs. Charles Shue, Greencastle, Zone Chairman; Mr. and Mrs. Charles Thompson, Warren township, Deputy Governor; and District Governor and Mrs. Keith Showalter, Logansport. It was announced that on November 10, the Greencastle club will observe its tenth anniversary, and that the Rosedale club observed its 25th anniversary recently.

The speaker, Dr. Richard F. Mills, was presented by Wayne Hopkins, who spoke on the subject "Apple Pie."

District Governor Showalter spoke briefly, paying tribute to the efforts of Lions clubs over the district, state and nation. He praised the work of both Mr. Shue and Mr. Thompson for their work. He said he was late, because he got lost in reaching Fillmore, having been in Indianapolis and came west on U. S. 40 to Mt. Meridian, where he turned north and then became lost. He wasn't the only one lost, because Walter Schultz and Jack Beck of Cloverdale, also came in late, because they were lost.

## Russ Accused Of "Artificial War"

UNITED NATIONS, N. Y. UP — Western diplomats and several "neutrals" today hailed U. S. Ambassador Henry Cabot Lodge for his bluntly-worded charge that the Soviet Union is creating an "artificial" war threat in the Middle East.

Not since the Hungarian debate last year, which caused even some of the Russians' closest friends to waiver, had delegates reacted to a western speech with such enthusiasm.

Lodge, parrying belligerent charges made by Soviet Foreign Minister Andrei Gromyko earlier in the week, told the General Assembly Friday that Russia created the Turco-Syrian crisis to annex Arab satellites.

"The United States will not be stopped by threats of defamation from continuing to offer its understanding and support to those nations of the Middle East which are being threatened by the Soviet Union and those whose independence the Soviet Union seeks to destroy," he said.

"Let there be no question about our capacity to offer this support. We are strong, and our allies are strong. We will uphold the U. N. Charter and have faith in God."

## IN THE GOOD OLD DAYS

CANCERS CURED—"Dr. Swank will be at the Jones Hotel the 11th and 12th of each month and will attend to the treatment of various kinds of chronic diseases, and especially cancers, in the successful treatment of which he is scarcely excelled by any physician in the West—He cures them or charges nothing for his services. We have no doubt but that the doctor will render general satisfaction to his patients, as he is a regular graduate of one of the best Reform Medical Colleges in the United States, and stands high as a physician in his profession; he has also an experience of twenty years in practice, but the Doctor's reputation is too well known to need any recommendation.—See his circulars which contain thirty-five of forty certificates of cases on cancer he has cured. He has more than a hundred cancers preserved in spirits, which he took out." (1863)

NO PAY, NO TAX—"The Savannah (Ga.) Republican thinks the tax act a failure, because it provides no adequate pay for the collectors, and no 'responsible' man will have the office. In the country where men keep horses of their own, and have very little else to do, the tax may be collected, but in the districts embracing cities and country the case is difficult, and the government will be compelled to pay such necessary expenses or go without the tax." (1863)

MAN'S PREFERENCE—"Ada Clare, who says a good many sensible things, remarks that 'as long as men prefer a small foot in a woman to a kind heart, and an hour-glass waist to a tender soul, women will continue to torture their feet and squeeze their ribs out of place, and their hearts and souls will remain what they too often are, shallow pools, withered and dried up, or filled with stagnant and bitter water.'" (1863)

GOVERNMENT WASTE—"In the State Government they talk retrenchment and practice the most reckless extravagance. Let us cite an instance. The last Legislature was Copperhead by a large majority. It passed a bill, with the most commendable swiftness, appropriating \$75,000, to pay the expenses of legislation. There was no hesitation or delay in passing this measure, because the money was to go into their own pockets. This sum, \$75,000, however, was more than double required by the Legislature of 1854, it doing all its work, and the bill amounting to only \$30,000. The expense of the extra session were \$15,000. What was the object of appropriating this \$75,000, when the former session cost only \$30,000. They couldn't sit no longer than the Legislature that spent less than half the amount, and what was the surplus, \$45,000, appropriated for?—Where has this money gone, is the question for the taxpayers of Indiana to ask themselves. What sort of retrenchment is this?" (1863)

DEPAUW ENROLLMENT—"The attendance of the Indiana Asbury University is larger for the present term than for several years past. The Treasurer informs us that nearly 200 students have entered up to the third day of the term." (1863)

## Take Hoffa Case To Appeals Court

WASHINGTON UP — Teamster lawyers prepared today to ask the Court of Appeals to set aside a federal court order preventing James R. Hoffa from taking office as president of the scandal-ridden union.

Hoffa and other officers were enjoined earlier this week from assuming office until a trial resolves charges that their recent election was rigged. Their attorneys have been working two days on the appeal.

The order was issued by federal Judge F. Dickinson Letts, who held Hoffa and retiring president Dave Beck responsible for or condoning "substantial misuse" of the giant union's funds.

The judge refused to place the teamsters under court jurisdiction as asked by 13 rebel rank-and-file members of the union who brought the suit against Hoffa.

Labor sources said today the teamsters probably would defy a cleanup edict from the AFL-CIO Executive Council which suspended the union this week, demanding Hoffa's ouster or else. This could mean expulsion from the parent labor group when the AFL-CIO holds its convention in December.

One of the major offerings on DePauw's Dads' Day program, the game would have been an Indiana Collegiate Conference affair between the league's second-place Tigers and sixth-place Evansville. The "Aces" roster, which included only 26 players at full strength, was pared below playing size when influenza swept the Evansville campus. According to DePauw Athletic Director James Loveless, there is a possibility that the contest will be re-scheduled. DePauw's schedule includes games each Saturday through Nov. 16, and Evansville will wind up its regular campaign on the same date. Despite the cancellation of the football game, the local university planned yesterday to proceed with the remainder of the Dads' Day program.

## BIG AUDIENCE HEARS ADDRESS BY MOVIE STAR

BASIL RATHBONE DELIVERS TALK AT UNIVERSITY ON FRIDAY

Providing something more than entertainment here yesterday during a DePauw University chapel, actor Basil Rathbone had words of his own and those of great poets on the subjects of faith, love and immortality.

For his illustrations Rathbone drew from the works of Shelley, Robert Browning, Elizabeth Barrett, Shakespeare, and an RCAF pilot-poet killed during World War II, John McGee.

According to the actor, who has starred in motion pictures, on radio and television, and in the theater, he was dedicating his program to the hope that "some of these thoughts might linger on."

"You live in the present, and your look is forward," he said. "But in the years after college you will meet situations which require answers to the questions, 'Who are we?' and 'why?'"

Thoughts concerning faith, love immortality sometimes are lost in overwhelmingly busy daily lives, the speaker added, but this fact does not diminish their importance.

"If we have faith then must we not also have love?" he asked, then said: "And if we love even a little, the majority of our world problems would be solved."

Concluding his appearance with the reading of an Oscar Wilde fable, he borrowed from Wilde for his final statement: "You will come to believe with me that one day all these problems shall be solved because we shall wake, remember and understand."

## Textile Union Given Deadline

WASHINGTON UP — The AFL-CIO high command Friday threatened the United Textile Workers Union with suspension unless they oust their presidents and agree to other cleanup demands.

The AFL-CIO Executive Council gave the unions three weeks to remove James G. Cross, head of the 160,000-member Bakers Union, and Anthony F. Valente, president of the 40,000-member Textile Workers. Otherwise it will recommend their ouster from the AFL-CIO.

The council also ordered the Textile Workers to cancel a \$104,000 "severance pay" deal for Lloyd Klenert, who resigned under fire last Friday as Secretary-treasurer of the textile union.

Both unions were told they also must agree by Nov. 15 to hold special conventions for a new election of officers. The elections would be held only after convention delegates were told of AFL-CIO corruption charges against the union.

The council said that if the Textile Workers failed to agree to the terms, it would recommend expulsion of the union at the AFL-CIO convention opening Dec. 5.

The Bakery Workers were ordered to restore ousted Secretary-treasurer Curtis R. Sims, who had opposed Cross and was fired for publicly airing charges against him.

The council said Cross must be declared "ineligible" for reelection at the special convention if the Bakery Workers want to stay inside the AFL-CIO.

### TODAY'S BIBLE THOUGHT

Eye hath not seen, nor ear heard, neither hath entered into the heart of man, the things which God hath prepared for them that love Him. I Corinthians 2:9. Paul was permitted a glimpse of some of the higher realms. He was not sure whether it was a vision or whether his bodily presence ascended into Heaven. But of one thing he was utterly sure: the heavenly state passes all understanding or experience.

Pioneer days of the county and its settlement and the developing of industries in Greencastle, the choosing of Greencastle as the county seat when a margin of six votes placed the county seat at Greencastle instead of Putnamville. All this data was interestingly related. Asbury College the early churches and schools, the first business ventures all received mention and pioneer families, many of whom have descendants still prominent in the county, had their place in county history in Miss Pierce's talk. All in all it was a revealing glimpse into the past century and more of our county given as a most interesting chronicle of home county and home folks, in the early years as a county in a new state.

Following the address by Miss Pierce the group was presented to Miss Sylvia Taylor, the librarian, by the president. Miss Taylor then conducted a tour of the various departments of the library, helping them to become acquainted with the method of finding books in each category, and explaining all the facilities of the library.

The club wishes to express its thanks to Miss Taylor for her courtesy and attention.

Those present for the luncheon and the afternoon session were the president, Mrs. John Sullivan, Mrs. Fred Lasley, Mrs. Nona Grantham, Mrs. Beryl Miller, Mrs. Arthella Higgins, Mrs. Claude Barker, Mrs. Earl Hall, Mrs. Chauncey Sutherland, Mrs. Gladys DeVare and Mrs. Ernest Jeffries and the guest, Miss Carrie Pierce.

### Mrs. Griffith Hostess

To Needlecraft Club

Mrs. W. O. Griffith was hostess to the Needle Craft Club on Friday. Mrs. Schafer president, welcomed Mrs. Ethel Nelson into the club.

After the song and flag salute, Mrs. Schafer read about October from the Hoosier Almanac. She spoke of our poet, Riley, and their guest room on the second floor of the Riley home in Greencastle, also the home of Mrs. Schafer.

Reports were given concerning The Council of Clubs and the

Fifth District Federation of Clubs both held this week. The club had three members attended the Plainfield meeting. It was voted to pay the county and district dues this month as there was an amendment to the constitution to that effect.

Mrs. Bert Roberts gave a very interesting and informative paper on "The Romance of Nickel." It is a hard malleable ductile metal of the iron group used with other metals to make them hard and durable. Roll call was answered by giving uses of nickel.

During the social hour the hostess served delicious cake, nuts, tea and coffee. All enjoyed the afternoon. The next meeting will be with Mrs. E. R. Seller with Mrs. Queeney as the assistant hostess.

### REPRESENTED G. H. S.

Mrs. Imogene Azbell, Mrs. Marion Borden and Mrs. Bernice Lewis represented Greencastle High School at the Indiana Association of Educational Secretaries at the Lincoln Hotel on Thursday.

Miss Marion Darr, Personnel Department of Purdue University presented the morning session entitled "The Girl With Many Bosses." This was a most inspiring and enjoyable program.

The highlight of the afternoon program was "The Learning to Live and Like It" by the Rev. Merrill B. McFall from the First Methodist Church in Bloomington.

### CARD OF THANKS

I wish to thank Drs. Veach, Schauwecker, Wiseman, the nurse and nurses aids for their care during my stay in the Putnam County Hospital. I also wish to thank the employees of Home Laundry and all my friends and relatives who were kind enough to send me flowers and cards during my illness.

Hold-Up Useful  
At Suit Contract

When West leads the queen of spades, should you win the first trick or should you hold up?

It's hard to see the reason for refusing the first trick, but the reason is there. The hold-up play enables you to ruff a spade in dummy, strange as that may seem.

After you have refused the first trick, West leads another spade, and you take dummy's ace. Your next step is to draw two rounds of trumps with the ace and king. You hope that the queen will drop, but you are not surprised when this hope fails.

Now you begin to run the diamonds. On the fourth diamond, you discard dummy's last spade. You aren't worried if West ruffs at any stage of this play. That will leave dummy with a perfectly good trump.

### IF WEST REFUSES

If West refuses to ruff, you can now lead your own last spade and ruff it in dummy. You can afford to give up one trump and one club in addition to the spade lost at the first trick.

This little plan would not work if you won the first trick with the ace of spades. You could go ahead with two trumps and four diamonds, but West would refuse to ruff. You could discard a spade from dummy, but dummy would still have a spade.

Whenever you led spades, West would win and would draw dummy's last trump with the queen. This would prevent you from ruffing a spade in the dummy, and your contract would go down.

### DAILY QUESTION

Partner deals and bids one spade. The next player passes, and you hold: S—A 6 3 H—10 7 6 D—K Q 5 C—K J 7 4. What do you say?

Answer: Bid two clubs. You cannot raise to three spades with only three trumps. You cannot bid two no-trump, with no stopper in hearts. Hence you bid a new suit and await developments.

### Convincing talk

We're talking about the door-to-door salesman who is selling vitamin preparations these days. He sounds mighty convincing, perhaps because he's memorized a fancy sales talk. One way to stop him in a hurry: Just ask him to wait while you check with your physician. Or invite him to stroll down to our pharmacy and, while you watch and listen, show us his wares. We have a notion he'll go away quickly and bother you no more.

The Rt. Rev. Chandu Ray, of Lahore, the first Pakistani to become an Anglican bishop since partition, says the five demons to be exorcised from the churches' environment are poverty, disease, social injustice, illiteracy and superstitious fear. He calls for more actual demonstrations of Christian living and less reliance on techniques and gadgets in evangelism. "The kind of audiovisual demonstration that is effective," said the Pakistani leader, himself a Christian convert,

"are men and women filled with the Holy Spirit."

Miss Caroline Serena Peckham, of San Antonio, Texas, and Nagasaki, Japan, is retiring as a missionary of the Methodist Church and as president of Kwassui Gakuin Junior College, Japan. She has been in that land for 35 of the past 42 years. On the eve of her retirement she has been honored by the school, the city, and the nation she served. Kwassui Gakuin has conferred upon her the title of "President Emerita." The City Assembly made her an "honorary citizen." The prefectural and city governments and the National Broadcasting Company gave her a farewell reception in front of the International Cultural Center—with two bands and a galaxy of speakers. And the Emperor conferred upon Miss Peckham the "Fourth Order of the Sacred Crown"—the highest decoration ever granted a woman.

A new high in church membership was reached in 1956 when church membership rose to 103,224,954. This is a gain of more than 3,000,000 over 1955 and means that 62 out of every 100 Americans of all ages are members of a church or synagogue. These statistics are reported by the National Council of the Churches of Christ in the U.S.A., and appear in its 1958 Yearbook of American Churches. Of American church members, 60,148,980 are Protestant, 34,563,851 Roman Catholic, 5,500,000 Jewish, 2,598,055 Eastern Orthodox, 367,370 Old Catholics and Polish National Catholics, 63,000 Buddhist, and 20,000 Moslem. According to the Yearbook, the major religious bodies have developed in about the same relationship to each other during the last 50 years. Thirty years ago, 27 per cent of Americans were Protestant. Today the figure is 35.9 per cent. Roman Catholics were 16 per cent of the population a generation ago. Today they represent 20.7 per cent.

The Central Committee of the World Council of Churches (international and interdenominational) is urging governments conducting nuclear weapons tests to forego them for a trial period "either together or individually in the hope that others

will do the same, a new confidence be born, and foundations be laid for reliable agreements." The Committee said in part: "We recognize that the question of stopping the testing of nuclear weapons has to be considered in the wide context. We agree that it is not possible to deal with one part of the interrelated disarmament problem without risks. There are, however, certain moral principles affecting the whole issue of atomic warfare which we desire to emphasize. The Committee re-affirms the conviction expressed at its Tronoto meeting that 'such method of modern warfare as the use of atomic and bacteriological weapons and obligation bombing involve force and destruction of life on so terrible a scale as to imperil the very basis on which law and civilization can exist.' The condemnation of such methods finds broad support in the fact that total war, in the sense of warfare without any limitation in the methods employed, is universally in conflict with the conscience of mankind. We also believe that the use of such methods of warfare inevitably involves spiritual degradation for any nation that uses them. We are bound to ask whether any nation is justified in continuing the testing of nuclear weapons while the magnitude of the dangers is so little known and while effective means of protection against these dangers are lacking. We must ask further whether any nation is justified in deciding on its own responsibility to conduct such tests, when the people of other nations in all parts of the world who have not agreed may have to bear the consequences. Therefore, we call upon each nation conducting tests to give full recognition to this moral responsibility as well as to considerations to national defense and international security. Nothing less than the abolition of war itself should be the goal of the nations and of all citizens."

## WHAT'S WRONG HERE?

A charming picture of a lovely little girl reaching for a Bible. What could possibly be wrong with that?

Here's what!

1. The Bible is on the bottom shelf, hard to get at, which means the family doesn't use it frequently.
2. The Bible she's reaching for is written in grown-up language, too hard for her to understand all by herself.
3. The little girl is alone—and she needs help!

Why should the Bible be on the bottom shelf, and why should this little girl have to seek its truth by herself?

The Church stands ready to help your child—and you! It will help you to understand the Bible and its timeless message of God's undiscourageable love for you, your children and all mankind.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
